

The Combined Federal Campaign and YOU !

Your gift to the **2002 Combined Federal Campaign** is essential to continuing the much needed support of over 3000 local, national, and international nonprofit organizations. Giving to the CFC is efficient and effective, here's why...

EFFICIENT

- ✓ Donors can use payroll deduction to give through CFC. Payroll deduction distributes a donation across the year and optimizes the total donation in an easily affordable manner.
- ✓ For tax purposes, CFC payroll deduction donations are an efficient way for donors to track contributions.
- ✓ As a single, annual, combined charitable drive, the CFC is conveniently available to donors at the workplace, enabling them to give back to the community, and allows the government, as employer, to be a good neighbor/community partner.
- ✓ The CFC administrative costs are only 4.6 percent of the total CFC pledge dollars. CFC is one of the most efficient fundraising efforts.
- ✓ The CFC is authorized by Federal law, and managed by a Board of Directors (LFCC) composed of federal employees. CFC regulations require an independent audit of each campaign as well as an audit from the OPM IG every 2 years.

EFFECTIVE

Examples of how your contribution can help.

\$25 a month Conserves 13 acres of a tropical rain forest.

\$12 a month Funds five hours of comprehensive case management assistance to a family facing homelessness.

\$10 bi-weekly Buys a lightweight wheelchair for a person who has a disability.

\$8 bi-weekly Funds group activities for visually impaired seniors for one week.
